 - f. No organizations will be permitted to solicit contributions on Fibre Federal property
6. Due to the number of requests we receive each year, we will not be able to fulfill each request. Our decisions are final.
7. If your request does meet all of our guidelines but does not receive funding, you may submit another request at a later date.
8. If your organization receives funding during one year, you are able to submit a request the following year.
9. We can only make one contribution per calendar year to an organization. Your organization will be ineligible for an additional contribution until the next calendar year.
10. Requests will be reviewed on a monthly basis, on or near the first of each month. Requests received during a particular month will be reviewed in the following month. You are welcome to submit your donation or sponsorship request at any time, however:
 - Requests submitted without adequate response time prior to event or sponsorship deadlines will not be considered.
 - All requests should be submitted using our online fill-able form, available on our website.
 - Requests will be fulfilled throughout the year as funds are available. Thus, requests received earlier in the year may be more likely to be fulfilled.
 - Organizations whose requests are denied are welcome to resubmit for a different event or opportunity at any time.
 - Organizations will only receive one donation or sponsorship per calendar year, with very limited exceptions.
